

Transcription of the 1851 census returns for the Parish of Lymptstone, being Enumeration Districts 3A and 3B of the Registration District of St Thomas.

NOTES

- Where possible, separate households are shown terminated by a **red line** and separate census pages are shown terminated by a **blue line**.
- Not all of the original columns are included, for example the number of rooms have not been transcribed.
- Very few unique addresses are included (many have simply “House”), but where an address is given, it is shown only once but assumed to apply to all in the household.
- Where “Do” (meaning ‘ditto’) is used in the original document the word is entered in full.
- Where entries cannot be fully transcribed due to unclear or obscure manuscript, they are shown in italics with a question mark *thus?*, and where entries are clearly expected but absent, they are shown as *<missing>*.
- Entries for Profession or Occupation are generally absent for wives and children younger than approximately 15 years, although for children approximately 5 years and older “Scholar” is often entered.
- Where an entry was made in the RH column of the original document describing some form of physical or mental impairment, this is shown in the footnotes at the end of the document. Similarly, where an entry is possibly spelled incorrectly, this is also shown in the footnotes.
